CO_2 figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO_2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO_2 emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO_2 and pricing for vehicles with optional equipment, please visit www.peugeot.co.uk and configure your chosen vehicle with your preferred options.

Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other cars tested to the same technical standard.

The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures.'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures.
Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other cars tested to the same technical standard.

^ 'LOW': Low speed city driving, representative of city centre driving, maximum 35mph.
^^ 'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph.
^^^ 'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.
^* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph.
^*^ 'COMBINED': A mixed journey average of all elements

Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

PEUGEOT 5008 Range - AdBlue®

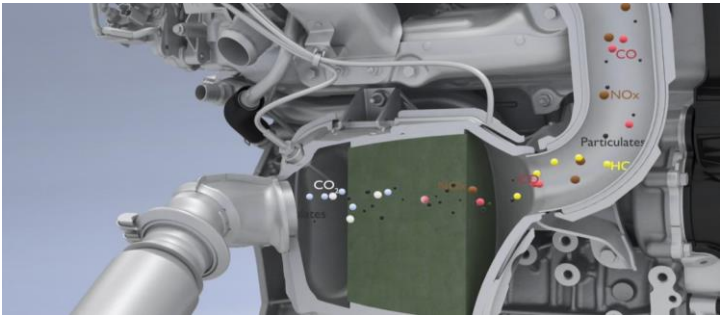

All PEUGEOT models equipped with BlueHDi engine technology are fitted with SCR technology (Selective Catalytic Reduction) and particulate filtration to treat exhaust gases.

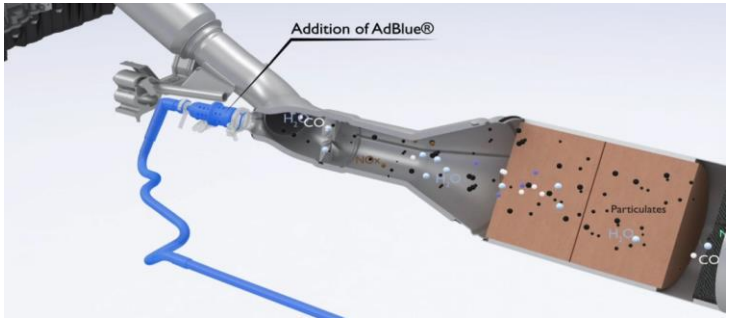

How Does the Process Work?

The process specifically targets the pollutants of diesel combustion, removing hydrocarbons and carbon monoxide, reducing nit rogen oxides by up to 90% and eliminating 99.9% of particulates.

This occurs during a three stage process:

- Stage One - the oxidation catalytic converter eliminates the hydrocarbons (HC) and the carbon monoxide (CO), transforming them into water (H_2O) and carbon dioxide (CO_2)
- Stage Two - the SCR (Selective Catalytic Reduction) transforms the nitrogen oxides (NOx) into water (H_2O) and nitrogen (N_2), which is the main constituent of air (78%), due to the addition of AdBlue® (mixture of urea and water)
- Stage Three - the Particulate Emission Filter eliminates 99.9% of the particulates by number, leaving just harmless water (H_2O) and nitrogen (N_2) gases to be emitted from the exhaust

To allow treatment of nitrogen oxides (NOx) emissions, PEUGEOT passenger cars powered by BlueHDi engine technology are fitted with a separate AdBlue® tank to hold the solution. In most instances this tank is around 17 litres in size . AdBlue® like fuel and screenwash is treated as a consumable and must be kept regularly topped up. Various factors can affect consumption of AdBlue® including but not limited to driving style, weight carried in the vehicle and environmental factors.

PEUGEOT Model	AdBlue® Tank Size	Tank Location	Top Up Required
5008 SUV	17 litres	Drivers side, under fuel filler cap	Around 3,500 miles / after 7 fuel fill-ups

Topping Up AdBlue®

To prevent your PEUGEOT running out of the AdBlue® additive the car is fitted with a low level detection facility, just as wo uld be the case with fuel. A series of notifications are available but where the AdBlue® range exceeds 1,500 miles (2,400 km) , n o information range is automatically displayed.

- Remaining range between 1,500 and 500 miles (2,400 and 800 km): When switching on the ignition, the orange warning lamp (as shown on the left) comes on for about thirty seconds, accompanied by the display of a message ("Top up AdBlue: Starting prevented in x miles/km") indicating the remaining range expressed in miles or kilometres. The reserve level has been reached; it is recommended that you top up as soon as possible
- Remaining range between 500 and 62 miles (800 and 100 km): When switching on the ignition, this warning lamp comes on, accompanied by an audible signal (1 beep) and the display of a message (e.g. "Top up AdBlue: Starting impossible in x miles") indicating the remaining range expressed in miles or kilometres. When driving, the audible signal and the message display are triggered every 62 miles (100 km) until the level is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop
- Remaining range less than 62 miles (100 km): When driving, the audible signal and the message display are triggered every 6 miles (10 km) until the AdBlue tank is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop.

Important Points

- If your vehicle's AdBlue® tank is completely empty – which is confirmed by the alert messages and the impossibility of starting the engine - you must add at least 5 litres of AdBlue® solution
- Never pour AdBlue® into the Diesel fuel tank
- If any AdBlue® is splashed, or if there are any spillages on the side of the body, rinse immediately with cold water or wipe with a damp cloth
- If the fluid has crystallised, clean it off using a sponge and hot water
- Keep AdBlue® out of the reach of children, in its original container
- Never store AdBlue® containers in your vehicle
- Use only AdBlue® fluid that meets the ISO 22241 standard
- Never transfer AdBlue® to another container: it would lose its purity
- Never dilute AdBlue® with water
- Important: in the event of a top-up after an AdBlue® breakdown, you must wait about five minutes before switching on the ignition, without opening the driver's door, unlocking the vehicle or bringing the electronic key into the passenger compartment.

NEW PEUGEOT 5008 Range - Dimensions

EXTERNAL DIMENSIONS

Length (mm)	4,641
Width excluding mirrors (mm)	1,844
Height without / with roof bars (mm)	1,640 / 1,646
Wheelbase (mm)	2,840
Front / rear overhang (mm)	926 / 875
Front / rear track width (mm)	1,601 / 1,610
Approach / departure angles (degree)	19 / 28
Ground clearance (mm)	236
Turning circle between pavements (m)	11.20

EXTERNAL DIMENSIONS FOR PARKING

Length with boot open (mm)	5,150
Width with front / rear doors open (mm)	3,617 / 3,402
Width with door mirrors open / folded (mm)	2,098 / 1,906
Height with bonnet open (mm)	1,945
Height with boot open (mm)	2,060

INTERNAL DIMENSIONS

Number of seats	7
Front / 2nd /3rd row elbow room (mm)	1,487 / 1,505 / 1,264
Front / 2nd /3rd row shoulder room (mm)	1,453 / 1,432 / 1,198
Front / 2nd /3rd row head room (mm) (1)	916 / 889 / 820 (847 / 827 / 820)
Distance between front seat back and front pedals (mm)	816
Distance between 2nd row seat back and front seat back (mm)	899
Distance between 3rd row seat back and 2nd row seat back (mm)	770

BOOT, STORAGE & FUEL TANK

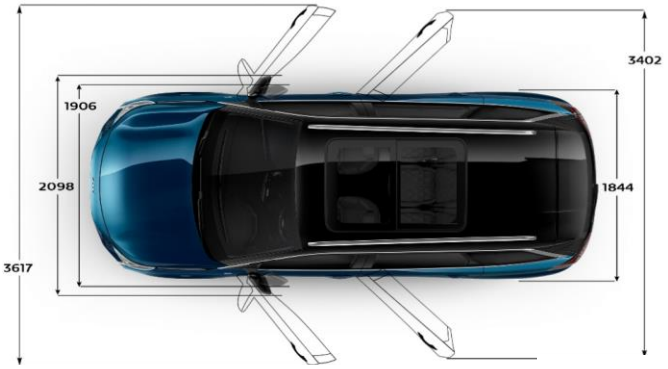

Length to 2nd row seat back	1,153
Maximum loading length (mm)	3,179
Width between wheel housings (mm)	1,172
Height under parcel shelf / head room (mm) (1)	553 / 931 (895)
Opening of boot, height / width (mm)	820 / 1,120
Min. boot volume with 3rd row seats lowered (dm^3 VDA 210) (2)	702 / 952 litres
Max. boot volume with 2nd lowered and 3rd row removed (dm^3 VDA 214) (3	1,940 / 2,150 litres

NEW PEUGEOT 5008 Range - Service Contracts

PEUGEOT offer two levels of Service Contract:

PEUGEOT Service Plans

What's included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available
- All packages are affordable and inflation proof, which means they will remain at a fixed cost for the duration of the plan.

Monthly price examples*:

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
14.16 per month	17.66 per month	17.40 per month

* Price examples based on an annual mileage of 10,000 per annum

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Retailer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

Extended PEUGEOT Assistance*

What's included: Extension of your PEUGEOT Assistance Cover

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years
- Cover includes:
    - PEUGEOT Assistance from Home
    - PEUGEOT Roadside Assistance
    - PEUGEOT Recovery
    - PEUGEOT Onward Travel
    - PEUGEOT European Cover

* Excludes non-vehicle induced faults

To find out about extending your PEUGEOT Assistance cover, call 0800 294 0294.

*Applies to diesel vehicles that do not meet the real driving emissions step 2 (RDE2) standard

VAT is calculated at 20%

VAT is not applicable to cars sold in the Channel Islands

Cars with a list price of over £40,000 when new pay an additional £325 per year on top of the £150 annual tax 'standard rate', for five years after the end of the first licence before returning to the rates listed above. This supplement does not apply to electric vehicles.

PEUGEOT 3 Years of Warranty

All vehicles first registered in the UK and purchased from a UK PEUGEOT Retailer benefit from a PEUGEOT 2 year unlimited mile age manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Retailer Network in the UK.

PEUGEOT Assistance

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at www.peugeot.co.uk

Terms and Conditions

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Retailer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.
