PEUGEOT

# AN INVITATION TO *travel in style*

The PEUGEOT Traveller. Discover a modern vision of travel and new horizons. Accomplished design, great road presence, the strength of PEUGEOT BlueHDi Euro 6 compliant diesel engines, positive ambiance and the sheer comfort of the range... all assets which combine to deliver a supreme travel experience.

The PEUGEOT Traveller is available in 2 lengths with a car park friendly roof height of 1.90 m. You can choose between several seat configurations and, with up to 8 seats, the PEUGEOT Traveller is easy to configure and adapt to your needs.

# STRENGTH WITH *assurance*

The PEUGEOT Traveller has been designed to make a statement on leisure journeys both short and long.

Its modern and elegant silhouette contains a spacious interior packed with practicality. And its bold lines, high vertical radiator grille, LED light signature and Xenon headlights* add a modern sense of style.

* According to version.

* Standard, optional or unavailable depending on version. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.
** Only MirrorLink®, Apple CarPlay™ and Android Auto certified apps will work when stationary and when driving, where appropriate. While driving, certain features of the apps concerned will be restricted. Certain types of content, which are freely accessible on your Smartphone, require a paid subscription to a certified MirrorLink® or Apple CarPlay™application. The Mirror Screen® feature operates using MirrorLink® technology for Android, Blackberry and Windows phones that are MirrorLink® compatible, provided they have a phone subscription including internet access with their mobile network operator. New smartphones will be developed with these systems over time.

# JOURNEYS
## *Calm and connected*

Inside the PEUGEOT Traveller you'll find a driving environment designed to suit every requirement. A step provides easy access to the elevated seating area, which offers a commanding view of the road ahead.

When you take your seat you'll find the instrumentation and controls, with their pure and modern design, easy to access.

Journeys are made easier by the Connected 3D navigation with voice control*.

The 7" colour touchscreen is integrated with Mirror Screen®, allowing you to enjoy the practicality of your smartphone through the relevant Apple CarPlay™, MirrorLink® or Android Auto**.

# EASY ACCESS *on board*

With hands-free sliding side doors*, you can easily access the PEUGEOT Traveller, even when your arms are full. This feature unlocks and opens the sliding side doors when you simply slide your foot under the rear bumper of the vehicle. The door slides open, all you need is to have the electronic key on your person.

Once you're in, there's no need to pull the handle. Press the button located on the dashboard at the front: the doors then open/close automatically. And to make life easier for the driver, the PEUGEOT Traveller can also be started hands-free with the PEUGEOT Open & Go system.*

Where parking spaces are too tight to open the boot, the PEUGEOT Traveller has a clever opening tailgate rear window*. Finally, thanks to a roof height of 1.90 m, accessing commercial centres or urban car parks is no longer a problem.

* Standard, optional or unavailable depending on the version

# MORE *modularity* MORE *flexibility*

With configurations allowing for up to 8 seats and available in 2 lengths, the PEUGEOT Traveller adapts to your needs.

The second and third rows consist of a 2/3 split bench seat - the 2 sections are independent of each other and can slide on their rails to easily adjust rear space.

Sliding and removable seats allow you to adapt the space for all situations. By folding down the front passenger seat, the PEUGEOT Traveller can also carry loads of up to 3.50 m in length*.

The PEUGEOT Traveller also offers numerous storage compartments adding up to 49 litres of space distributed throughout the passenger cabin.

With the Standard version, at only 4.95 m long, 8 people can still be accommodated with ease. For a boot volume of 1700 litres, simply remove the third row seats, on Long versions this increases to 2,100 litres.

Putting the seats back is straightforward. Just return them to their rails and adjust their position.

*Only available on the Active version.

# SEE
# *life in bold*

The PEUGEOT Traveller has two concealed glass roof panels*, which can be covered and uncovered individually, offering passengers lots of natural light and panoramic views of the sky.

Bringing in-car ambiance to a new level, the multi-purpose roof boasts LED mood lighting** with individual reading lights for each passenger.

Adding even more luxury, the PEUGEOT Traveller has individual air vents and gentle air conditioning on the rear seats.

The PEUGEOT Traveller has four 12V sockets in the cockpit, as well a USB port to charge all your mobile devices.
Designed to help you share the road with family or friends: the rear occupants' safety mirror, picnic tables on the rear of the seats in the front row, blinds on second row and Tablet holder * are provided as standard equipment.

* According to version
** Only available on the Allure level

# TECHNOLOGY *and safety*

For a safer and more comfortable drive, the PEUGEOT Traveller has a large number of latest generation driving aids.

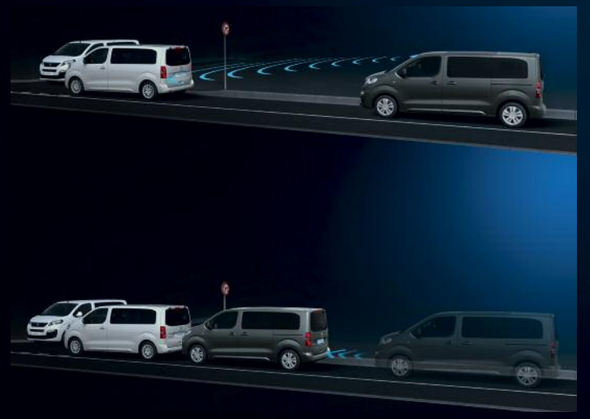

**180° Colour Reversing Camera***
The reversing camera* is automatically activated when the driver selects reverse gear. It provides a 180° aerial view of the rear zone of the vehicle and its surroundings. The rear view includes guidance lines which turn with the steering wheel. When there are obstacles behind the vehicle, the system automatically zooms in, in addition to providing other views on request.

**Speed limit recognition and intelligent speed adaptation****
The multifunction camera* recognises speed limit signs and displays the relevant limit on the instrument panel or in the head up display. The detected speed limit is suggested as the value to be used in your cruise control or speed limiter, if they are activated.

* Available as standard or as an option with the 7" touchscreen depending on the version.
** Optional as part of Safety Pack

**Automatic Emergency Braking System (AEBS2)***
The Automatic Emergency Braking System (AEBS2)* is a new generation automatic emergency braking system which is activated if a collision is about to take place. The camera and radar detect moving or stationary obstacles. If the brakes are not applied, or if the driver does not brake hard enough, the system brakes for them. It can prevent the impact if the speed is below 18mph, or reduce the result of the collision above this speed, by reducing the speed of impact.

**PEUGEOT Smartbeam Assistance^**
Activated at night, the system automatically controls the switch between main beam and dipped headlamps, and vice versa, when oncoming vehicles are identified by the camera.

**Adaptive cruise control***
This system allows you to maintain a safe distance between you and the vehicle in front, by changing the speed of your vehicle by up to 12mph. It is not an active braking system. This system works particularly well in moving and relatively heavy traffic.

**Lane Departure Warning System^**
An alert detects if solid or broken white road markings are crossed unintentionally, when the indicator is not activated. The audible and visual alert is particularly useful if the driver becomes drowsy or loses concentration.

**Blind Spot Monitoring System***
Thanks to the 4 sensors located on the front and rear bumpers of your vehicle, the blind spot monitoring system* lets you know if a vehicle is present in your left or right hand side blind spot, during your journey. A light appears in one of the door mirrors or on the screen as a warning.

**Head-Up Display***
The Head-Up Display projects the information essential to driving onto a retractable screen located in the driver's field of vision: speed, cruise control or speed limiter setting, etc. All the information you need is right in front of your eyes, ensuring a safer driving experience.

**Airbags**
The PEUGEOT Traveller is equipped up to 6 airbags:
- 2 front and side airbags to protect the head and chest of the driver and the passenger in the event of a frontal impact
- 2 curtain airbags** to protect the driver and the front passenger in case of side impact

* Standard, optional or unavailable depending on version
**Optional on Active versions
^Optional as part of Safety Pack

# THERE FOR YOU.

When you choose PEUGEOT, you have the reassurance of knowing that your vehicle has been designed and built to give you years of worry free motoring. As a PEUGEOT owner, you can also rely on the customer care services of your Dealer. This will ensure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently -someone who also has the expertise to maintain your PEUGEOT correctly, using trained technicians, PEUGEOT Diagnostic Equipment and PEUGEOT Original parts.

## FOR YOUR PEACE OF MIND

MANUFACTURER WARRANTY
Any PEUGEOT Traveller first registered in the UK and purchased from a UK PEUGEOT Dealer will benefit from a 2 year unlimited mileage manufacturer warranty and a free optional additional year of warranty (up to 60,000 miles) provided by the PEUGEOT Dealer Network. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a PEUGEOT Platinum Extended Warranty.

Our cars also come with a 12 year Anti-Perforation and 3 years Paint Warranty, in all Europe. For full terms and conditions on all of these, please contact your PEUGEOT Dealer.

PEUGEOT ASSISTANCE
All new PEUGEOT vehicles come with 12 months of PEUGEOT Assistance - our breakdown assistance service. This covers all incidents involving vehicle based faults for you and anyone else driving your car with your permission. It is available 24 hours a day, 365 days a year. PEUGEOT Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or accommodation if required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling 087007527050.

PEUGEOT SERVICE CARE
Please refer to the maintenance book for details of the service intervals for the PEUGEOT Traveller and the specifics of vehicles operating in arduous conditions.
FINANCE - LET THE SPECIALISTS HELP
PSA Finance UK Ltd. offer a range of flexible finance plans to make owning a new PEUGEOT easy. As specialists, we will provide choice, convenience and flexibility. Written quotations are available on request from PSA Finance UK Ltd., Quadrant House, Princess Way, Redhill, RH1 1QA.
Over 18s only, a guarantee may be required.

## FURTHER INFORMATION

Call PEUGEOT Insurance for a quote on 0370 0240 206 (8am-8pm weekdays, 9am-5pm Saturdays. Max call charge from a BT landline is 8p/minute. Calls from other networks may vary. Calls may be recorded).
PEUGEOT Insurance is underwritten by U K Insurance Limited.

PEUGEOT ACCESSORIES
PEUGEOT Accessories are designed specifically for each model meaning no compromises on fit or function. In addition they are tested to a rigorous standard for complete confidence and peace of mind.

PEUGEOT AND THE ENVIRONMENT
Our website has details of PEUGEOT's environmental and recycling policies.

## ABOUT THIS BROCHURE

The information contained in this brochure is based on the data and images available at the time of printing. Some features may not be available in the UK and some photography may feature left hand drive models. As part of a policy of continuous specification improvement, PEUGEOT reserves the right to modify specification, options and colours at any time. For full details ask your PEUGEOT Dealer, or click on peugeot.co.uk. Print and photographic processes used in this brochure may alter the depth and tone of the colours shown.
This brochure is not a contractual document or offer of sale.
The details in this brochure cannot be reproduced without the expressed authorisation of PEUGEOT.
Issued by: Sales and Marketing, PEUGEOT Motor Company plc., Pinley House, 2 Sunbeam Way, Coventry, CV3 1ND.

**Official Fuel Consumption in MPG (l/100km) and $CO_2$ emissions (g/km) for the PEUGEOT Traveller range are: Combined 35.5 (8.0) – 47.1 (6.0) and $CO_2$ 152 - 126 g/km.**
The fuel consumption you achieve, and $CO_2$ produced, in real world conditions will depend upon a number of factors: including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and $CO_2$ figures. The fuel consumption figures shown in this advert are calculated under the WLTP test.
The $CO_2$ figures shown are NEDC equivalent (NEDCeq), calculated using EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration. Figures shown are for comparability purposes; you should only compare fuel consumption and $CO_2$ figures with other vehicles tested using the same technical standard.
*WLTP - Worldwide harmonised Light vehicles Test Procedure. **NEDC - New European Driving Cycle. Information correct at time of going to print.
